Santa Fé, Jan. 10th, 1846.
Let this petition be laid before the honorable Assembly, so that if it shall deem the proposals made by the petitioners for conditions of the grant, conducive to the public welfare it may grant the land which is asked for, ordering the petitioners to be placed in possession of the same, according to law; the Government does not recommend this petition to the honorable Assembly of the Department, for the reason that the petition carries its own recommendation with it, in its very nature, and its projects, now presented for the first time.

Armijo

Miguel E. Pino,
chief clerk.

Most Excellent Sir.

The persons who sign this application, animated by the purest patriotism, and a desire to be useful to the society in which they live, in the exercise of the right of petition, and of that with which they are favored by the colonization laws of this Mexican Republic, to which they have the honor to belong as citizens, one being a naturalized citizen of the same, with due respect do present to the Honorable Departmental Assembly, through Your Excellency, the present petition, the object of which is to request that they may be put in possession, by the said honorable body, in the usual form, according to provision 5th, part second, article 134, of the organic bases of the land known as the Jornada del Muerto, the boundaries to be, the Mesilla del Contadero on the northwest; on the west the Rio

del Norte; on the south the old place of Doña Ana; and on the east the Sandía Mountains and their water-courses on that side; this petition having been granted, and they having been placed in possession of said land, the undersigned solemnly pledge themselves: First, to have two wells dug on the most central places of the Jornada, and furnished with the proper appurtenances for the benefit of travelers, who have hitherto suffered incalculable losses of horses, mules, cattle, and sheep, etc.; many human beings have, moreover, fallen victims to the absolute dearth of water, an abundant supply of which, when said wells are finished and in use, will be furnished to travelers, at a very small cost. Second, they pledge themselves with equal solemnity to establish two manufactories of goods

useful to the Department,
in which they will receive de-
linquents who may be sentenced
by the judges and authorities of
the Department to atone for
some crime, according to the
laws relating to the matter
and the decrees of said honor-
able Assembly. Third, both
four (sic) things, which are to be-
long to modern machinery,
the petitioners pledge them-
selves to have finished as soon
as possible, certainly within five
years; pledging themselves
moreover to keep a couple of
cannons, and arms sufficient for
the number of operatives that
they may have, in order to repel
attacks of the Indians in case
of their being hostile, as at pres-
ent; in view of the foregoing
and of the benefits which will
accrue to the public from the
works proposed in this petition,

the petitioners beg Your Excellency to be pleased to give such recommendation to this petition as it evidently merits, to the end that your petitioners may be put in possession of the land referred to in the same. We swear, etc.

Santa Fe, December 28th, 1845.

Another. Your petitioners beg that the grant of land to which they refer in their petition, may be made to them without prejudice to the interests of a third party having a better right.

Same date as above.

By me, master Antonio José Rivera.

Juan Bautista Vigil y Alarid.

José Miguel Hauck.

Santa Fé, Jan. 10th, 1846.

This Assembly grants to the citizens José Antonio Rivera and Juan Bautista Vigil y Alarid, the land asked for by them, in the place known as the Jornada del Muerto, to dig wells and to sow seed as far as they are able, they remaining without an exclusive right to the pastures; Michael Hauck, a foreigner, having no part whatever in this grant, because according to article 9th of the law of March 11th, 1842, he is prohibited from acquiring lands in the frontier departments, without previous consent of the Supreme Government of the Nation.

In the town of Santa Fé, Capital of the Department of New Mexico, on the sixth day of the month of February, one thousand eight hundred and forty-six, I, the citizen José Albino Chacon, first Alcalde of this town, judge of first instance of the central district, and also judge of hacienda* of the Department, declare that, in accordance with the superior order which, on the fourth day of the present month, was addressed to me by the Secretary of the Government, the citizens Juan Bautista Vigil y Alarid and Antonio José Rivera having presented themselves in this court with the decree granting them lands in the Jornada del Muerto, said decree having been issued by the honorable Departmental Assem-

In accordance with the above judicial order, and the superior order of the 4th day of February last, which is cited and appears above as authenticated testimony, I have

passed, going and coming, through the land granted to the aforesaid persons by the same decree of the Honorable Assembly; in view of the practical knowledge which I have of the said land, called Jornada del Muerto, and according to the laws, ceremonies and customs received in this Department, I have proceeded to grant them the possession which belongs to them both de facto and de jure, as no third party having a better right has appeared up to date, and as there is no opposition to their being put in possession of the unimproved land which has been granted, as their property, to the grantees Juan Bautista Vigil y Alaríd and Antonio José Rivera, who remain quietly and peacefully in possession of said land, from which, as a sign of true possession, they have removed grass and stones,

making grateful acknowledgments to the Supreme Government of Mexico, by whose bounty they hold said property, of which they will recognize and defend as boundaries the following points; on the north, the Mesita del Contadero; on the south, the old place of Doña Ana, in Robledito; on the east, the Sandia mountains and their water-courses on that side, and on the west the Rio del Norte, at which places the parties interested will place proper stakes, so as to prevent confusion, with the proviso that, if José Miguel Salomon Tauck, one of the partners, shall present proper naturalization papers, he shall be received as joint owner, having the same rights as Messrs. Tejil and Rivera, it being optional with them to admit, or not, as partners

~~x&&x~~ in the ownership of said land, such person or persons as they may consider worthy of their confidence. And for due evidence, and that this document may serve them as a title to the property aforesaid, I issue these presents, which I authorize and sign on the fifteenth day of the month of March, one thousand eight hundred and forty-six, with the parties interested and my assisting witnesses, with whom I act in the absence of a notary. I certify.
